08-09-010-011-00 is missing two courses

08-09-010-023-00 should be described as two separate pieces because the surveys don't match up (181.84 vs 182 frontages and mismatched bearings).

08-09-010-038-00 both "W" are actually S82°30'W which would close up a gap to the south. Bearings are from survey in the "unrecorded survey" drawer in abstract office.

08-09-010-037-00 both "W" are actually S82°30'W which would close up a gap to the south. Bearings are from survey in the "unrecorded survey" drawer in abstract office.

08-09-010-027-00 does not close in last description. See R#1156147.

GAP owned by Robert Lepper who owns 038 and 027-01.

08-09-010-018-00 has an awful description from deed. The surrounding properties have been surveyed for reference.
